1. **“CBet Rally Rokiškis” – a new title, but same rally rhythm!**

On August 12-14, the rally will return to Rokiškis and its surroundings. The event of the Lithuanian Rally Championship, which has been held for six years in a row, will gather the fastest Lithuanian and foreign athletes and crowds of rally fans here. This year, a new name for the rally will be heard - "CBet Rally Rokiškis", for which the Organizer sincerely thanks the new name partner "CBet". However, the rhythm of the rally, the excitement, and the wonderful atmosphere throughout the rally weekend will be the same that all rally lovers could feel during the previous rallies held here.

The organizer has already proven time and time again that he can surprise the participants with special speed sections, and the rally fans with memorable, exceptional personalities such as WRC legend Toni Gardemeister, elite rally participants from Finland Juha Salo, Teemu Asunmaa, and Sami Pajari, or BMW - Mini John Cooper with the shows of Ukrainian WRC driver Valery Gorban.

"CBet Rally Rokiškis" will undoubtedly be the hottest rally event of the summer. A competition full of excitement and intrigue, in which various entertainments are intended for the whole family, and an integral part in the evening concert program and the final fireworks of the rally awards. True rally fans will certainly not miss the most impressive "CBet Rally Rokiškis".

"CBet Rally Rokiškis" is organized by VšĮ "Automotoprojektai", founded in 2005. The head of the company - Audrius Gimžauskas is a motorsports leader, well known as the winner and prize-winner of many motorsports championships. Thirteen years of organizing experience in organizing the "300 Lakes Rally" and "Samsonas Rally Rokiškis" competitions ensure that every year the spectators and participants can get the best impressions, take away only the best emotions, and look forward to next year's rally.

AUDRIUS GIMŽAUSKAS

ORGANISER

1.1. **"CBet Rally Rokiškis" is the new title of the rally in Rokiškis, which has become a tradition.**

For the sixth year already, all fans of the rally will gather in the capital of the rally, Rokiškis, on August 13-14. The legendary rally tracks in the surroundings of Rokiškis, already loved by everyone, will allow Lithuanian and foreign participants to compete for the winning titles, and the spectators - to enjoy spectacular moments full of excitement. The concert program of the event will allow both participants and fans to feel the festive spirit of the rally weekend.

This year, a new name for the rally will be heard - "CBet Rally Rokiškis", for which I am sincerely thankful for the new name partner "CBet" and I hope that our partnership will last for many years. I also sincerely thank the municipality of Rokiškis, a long-time partner of the event, for the sixth year of cooperation in organizing the biggest summer auto sports festival. I want to wish all participants to have exciting competitions and for viewers - safe and memorable moments.

Let's not break traditions, and meet on August 13-14 in Rokiškis!

Let's not break traditions, and let's meet on August 13-14 in Rokiškis!

RAMŪNAS GODELIAUSKAS

MAYOR OF ROKIŠKIS
DISTRICT MUNICIPALITY

1.2. **Rokiškis is deservedly called not only the capital of cheese but also the capital of rallying!**

Although this year the name of the rally has changed to "Cbet Rally Rokiškis", the location of the rally has not changed for six years! Traditionally, we used to reserve one weekend in August every year for the biggest rally fiesta, which has been and will be held on the Special Stages of Rokiškis district and in the heart of the city for many years. However, the rally held here is famous not only for the tracks, famous and well-known participants of motorsports. All the viewers are waiting for an impressive weekend concert program, a thunderous opening and closing event, which we don't recommend missing out on. So this year We can confidently say that Rokiškis is deservedly called the rally capital. Hope that you will be active not only in speed races but also will have time to visit and discover the Rokiškis region.

Thanks to everyone who goes out of their way to ensure that viewers can enjoy the best views, the fastest cars, the most professional drivers, and the most fun festival!

See you in Rokiškis!

Ramūnas Godeliauskas

Mayor of Rokiškis district municipality

EVALDAS MAGELINSKAS

MARKETING MANAGER

1.3. In rally same as in business - every dynamic turn, spontaneous accelerator press, uphill or fast descent, can be completely different than you could imagine until then. That is why this sport is special and enchantingly emotional.

We are glad that the patron of Lithuanian sports - UAB "Tete-a-Tete" casino and the CBet brand have become general partners of the legendary rally. We hope that this year, the legendary rally tracks in the vicinity of Rokiškis will delight more than one rally fan.

Good emotions to everyone!

If the system will not be used, it is a breach of the reconnaissance regulations. The progress of reconnaissance will be monitored via GPS system by rally officials. GPS data will be monitored also during liaisons. Evaluation of GPS data is within competence of Clerk of the Course. If reconnaissance vehicle is not equipped with a working tracking device, the crew will be penalized by Stewards.

After reconnaissance, crews have to re-install the tracking device to the rally car.

17.2 PRINCIPLES ON SECURITY AND TRACKING

Each unit has a unique serial number that is assigned to the crew. During the race, the rally headquarters tracks the position and speed of each crew. The GPS tracking device is connected to a tracking center that collects all incoming data. All data is stored on the same device. The device has an autonomous voltage source operating throughout the rally. The device has **SOS** and **OK** buttons. By pressing the **SOS** button, crew members report about the accident and request immediate assistance. In this case, it is necessary to report the accident via the telephone number indicated on the sticker of the GPS device. When the car stops in the speed stage due to an accident or technical problems, by pressing the **OK** button, the crew members inform the rally staff about the car stopping for more than 30 seconds and also announce that emergency assistance is not required.

ATTENTION! If the crew has stopped in the speed stage for a period longer than 30 seconds, even if the crew tries to continue the race, it is necessary to send an "**OK**" message. The crew's mobile phones must be switched on (or switched on within 60 seconds) so that the Rally HQ can inquire about the current situation. If the crew receives an electronic red flag alarm (an audible signal and the yellow light switches), the **OK** button must be held down for 1 second to acknowledge receipt of the message to the rally control centre. The crew must immediately reduce speed and follow the marshals' instructions. Failure to comply with these requirements will be penalized by decision of Stewards.

17.3 RETURNING OF GPS DEVICE

The device must be delivered to the Rally HQ till **21:00 Sunday, August 14, 2022**. If the damaged device is returned or not returned at all, the crew will have to pay a fee of EUR 200 for the value of the device. GPS tracking device may be removed from the car in Park Fermé after TC18A

17.4 INSTALATION OF SAFETY TRACKING SYSTEM

All Competitors must make provision in their cars for the installation of the Safety Tracking System. Systems will be issued at the Administrative Checks. All further details will be given during presentation to each crew.

Competitors must have installed the speed control and safety tracking devices in reconnaissance cars before reconnaissance starts. The system must be re-installed to the rally cars by the crews and must be shown to the Scrutineers in pre - start holding area on **2022 August 13** (Saturday).

Any attempt to tamper with, to manipulate or to interfere with the tracking device fitted to the competition car or any device that fails to record a trace due to external interference will be reported to the Stewards who may impose a penalty up to exclusion.
