

RALLY GUIDE

Lahti Historic Rally 2022

Dear Lahti Historic Rally 2022 competitor

It is my pleasure and honor to welcome You to compete in this only gravel rally of the FIA EHRC series - Lahti Historic Rally.

After the Covid-19 years, a gratifying number of Finnish and foreign historic drivers have registered for this rally. There are 49 crews on the list of entries and there are very many interesting historic cars participating the rally. This year competitors represent nine (9) different nationalities. The most distant competitors come from as far as Australia!

The organizer of the rally is now the 5th time Lahti Historic Rally ry, which includes five experienced motorsport clubs that have organized rallies for decades, including the Finnish historic rally series promoter Historic Rally Club Finland.

The route this year consists of traditional Finnish rally roads that have been driven in many national and international rallies. The rally has demanding Special Stages which are typical for Lahti Historic Rally. So if you want to succeed, you have to be on the right pace from the first meters of the rally.

On Friday the Special Stages will be driven south of Lahti, in the regions of Orimattila and Myrskylä, and on Saturday we will head to the west side of Lahti, in the region of Lammi. Both days consist of three separate Special Stages, each to be run twice.

As a competitor, I ask You to pay special attention in reconnaissance, because the owners of the farms may be at work during that time and therefore You may encounter agricultural machines and other slow-moving vehicles on the route.

Remember to follow speed limits and proper driving habits everywhere, but especially in built-up areas and courtyard areas. The reconnaissance schedule has been prepared in such a way that there is no need for overspeeding. But then in the rally You can really press pedal to the metal!

The old tricks are the best again; a fair attitude towards fellow competitors and good teamwork makes this rally a memorable and wonderful event for all of us.

I wish you and your team all the best and good luck in Lahti Historic Rally 2022!

Juha Kukkonen
Clerk of the Course

2.5 RECONNAISSANCE SCHEDULE

<u>SS</u>	<u>WEDNESDAY 10.8.2022</u>	<u>THURSDAY 11.8.2022</u>
SS 1 / 4	8:30 - 17:30	7:00 - 16:00
SS 2 / 5	8:30 - 17:30	7:00 - 16:00
SS 3 / 6	8:30 - 17:30	7:00 - 16:00
SS 7 / 10	8:30 - 17:30	7:00 - 16:00
SS 8 / 11	8:30 - 17:30	7:00 - 16:00
SS 9 / 12	8:30 - 17:30	7:00 - 16:00

Competitors must follow the reconnaissance schedule above!

Number plates (2 stickers) for reconnaissance car must be displayed at the top right of the front windscreen and rear right side window and remain visible during reconnaissance at all the times.

If, for any reason, a crew is forced to replace the reconnaissance car during the reconnaissance period, the Rally Secretariat must be informed (tel: +358 40 933 3751) about the details of the new reconnaissance car.

If this procedure is not followed, the access of the Competitor to reconnaissance will be cancelled, All reconnaissance cars will be equipped with a GPS safety tracking device.

The maximum speed set for the reconnaissance of the SS is 80 km/h, except for those areas in which there are speed limit signs or in built-up areas (30 km/h to 60 km/h) or other limitations marked in the Road Book. Driving speeds are monitored particularly closely with GPS safety tracker devices and speeding will be penalized!

Speed limits and restrictions are for our common good. If habitants along the route and nature suffer from the rally or reconnaissance and if competitors endanger other traffic, it will make more difficult to organise rallies in the future. There will inevitably be some inconvenience caused by the rally, but let's do our best to reduce that.

Reconnaissance must always be made without endangering other traffic and people along the route. Please pay special attention on other traffic, because farmers might be working on the fields and that's why there could be large vehicles moving along the route.

Amount of reconnaissance on each Special Stage is free, but crews are not permitted to drive in opposite direction unless the organizer or officials permit it by giving instructions or orders.

PLEASE NOTE! Competitors are solely responsible for the damage caused during reconnaissance.

The wire must be wrapped for a maximum 20 mm after last bolt/hole and an excess of at least 20 cm of unwrapped wire must be available. If this is not done, the scrutineering will be aborted. There is no place or time in the scrutineering venue to do this.

Service stations have clearly marked card or card/cash fuel pumps. Each competitor must have credit card with them. Cash payment is not possible in all refueling stations. We recommend Competitors to make themselves familiar with the refueling places during the reconnaissance period.

Refueling is allowed only on refueling zones (RZ), on commercial fuel stations marked in Road Books. Competitors' cars may be refuelled in RZ from fuel pumps or from their own petrol cans with commercially available fuel (FIA Appendix K, article 3.9). Two team members may access the RZ to assist each crew. The assisting team personnel must be wearing clothing which will provide adequate protection against fire and includes at least: long trousers, long-sleeved top, closed shoes, a balaclava and gloves.

Refueling is strictly prohibited on Service Parks and on liaisons (excluding the refueling zones (RZ) marked in Road Books) and the violence of the rule impose sanction up to exclusion.

The engine must be stopped, and crew should remain outside the car during refueling. If crew stays in the car, safety belts must not be affixed.

Competitor is responsible to protect the ground with an Environmental Mat which shall be composed of an absorbent upper part and an impermeable lower part. Competitor is solely responsible for the refueling.

All the personnel assisting refueling must be wearing clothing which will provide adequate protection against fire **and includes at least: long trousers, long-sleeved top, closed shoes, a balaclava and gloves.**

Competitor is solely responsible for the refueling.

PLEASE NOTE! For safety reasons, fuel tank must be as empty as possible when entering Parc Fermé (TC6C) in to P Hansa parking hall in the end of Leg 1!

In Parc Fermé, there must be a piece of oil-soaking mat under the cars as protection.

3.4 CEREMONIAL FINISH, PRIZE-GIVING CEREMONY AND PARC FERMÉ

Date: Saturday 13.08.2022 at 17:06

Location: Lahti harbor, Satamakatu 5, 15140 Lahti

The finish podium ramp will be located at the Harbour of Lahti. To be classified the Drivers must pass the last Time Control TC 12 A) of the rally at Lahti harbour. Early check-in is permitted without time penalty. All cars will be driven to a holding area to be organized in order by category and class. In this area, it is forbidden to make any service procedures. Drivers are not allowed to leave their cars before prize-giving to ensure that cars could be arranged in the correct order without any problems. From the holding area, marshals will guide the competitors to the finish podium ramp where the awards will be given.

The crews positioned 3rd to 1st overall will drive to finish podium first and they will be interviewed. After interviews, they will get flowers and winner's national anthem will be played and flags are raised to the flagpoles. Then they will get their overall, category and class Awards as stated in the Supplementary Regulations (Art 14.1). After that they will be given a bottle of champagne to be opened etc.

Following, the rest of crews will drive thru the podium in the order as they have been organized at the holding area and get their Awards first category and its classes first, then second category and so on.

Finally, after prize-giving each car must be driven to the nearby Parc Fermé area according to the drawing in the Road Book and under supervision of marshals. Drivers must leave their cars in the Parc Fermé area.

PLEASE NOTE! Cars are under Parc Fermé regulations all the time from the last time control (TC 12 A) to the end of Parc Fermé. The Parc Fermé will be opened when final classifications have been published (expected time 20:00).

Show it to the marshals or to fellow competitors, so that they will know to call for help. If You see this sign given by another competitor, please give the message to the closest possible place (on Special Stages marked radio points or start/finish). If You are not requiring any medical help, place the OK sign on the car visible for other competitors.
