**IMPORTANT REMINDER TO ALL COMPETITORS**

FIA WRC Sporting Regulations Art. 19.2

**19.2 ROAD BOOK / ITINERARY**

All crews will receive a road book containing a detailed description of the compulsory itinerary which must be followed. The compulsory itinerary of the rally is defined in the Road Book by the road direction diagrams and, between the road direction diagrams, by the defined roadway with a strong recommendation for distances to be measured using the same tripmeter used by the supplier of the timing and tracking service. Any areas of the route that shall be covered with full electric mode (HEV Zone) will also be defined in the road book. Furthermore, on the special stages the organisers may erect barriers or any other hindrances where they believe competitors have deviated from the roadway during reconnaissance or the first running of the stages.

**Any deviation will be reported to the Stewards.**
