## Welcome Note from the Chairman

As we get older, we get wiser and we start reflecting on our lives and the journey we have all been through.

The word 'Safari' in Swahili literally means a 'Journey' is exactly what the EASCR represents and tries to emulate the bygone days when, each Easter, the adventurous amongst us, set out in our family saloons, having made the slightest modifications to the car, to just try and complete a 5,000 kilometre 'Safari' in 5 days and nights across East Africa. All the support came from friends and family and all that really mattered was that we all had the greatest time of our lives and, talked about it for the rest of the year, if not our lives!

Although times have changed, we at the EASCR continue to strive to provide an event that brings back the spirit and camaraderie the original EASCR provided whereby each entrant was part of the journey and the ultimate goal was just to get to the finish. Then there were those that excelled and became legends who have lead and won the original Safaris, these were exceptional men and women, not taking anything away from the current crop of winners of the EASCR, an event which remains equally tough!

I welcome you all to East Africa and the EASCR, to experience this extraordinary event that I am sure will leave you and your dear ones with everlasting fond memories and tales that will be repeated over generations.

As each day passes, we realise that there is so much more that we could have done in our lives which eventually is also only a Journey; I feel blessed that I have had the opportunities of doing both the early 'real' Safari's and also the current one! Don't miss your opportunity, do it while you can!

'Nyote muwe na safari njema' Karibuni na Asante Sana!

# THE WORLD'S GREATEST CLASSIC RALLY

## 1. Introduction

First run in 2003, the legendary East African Safari Classic Rally is a nine-day rally covering up to 5,000 kilometres usually through Kenya and Tanzania with teams only being able to compete in pre-1987 vehicles. East African Safari Classic rekindles the spirit of the original Safari Rally, which put East Africa on the motorsport map and earned an unassailable reputation as the world's toughest rally. Previous winners of the Classic include legends of Motor Sport including the late Björn Waldegård, Ian Duncan, Stig Blomqvist, Rob Collinge, Carl Tundo and most recently, Baldev Singh Chager.

We welcome you to the 11<sup>th</sup> edition of the Classic Rally which will take place between the 9<sup>th</sup> to 18<sup>th</sup> December 2023 in Kenya and Tanzania.

## 2. The Vision

“United by the spirit of adventure, integrity and camaraderie, we will work together to become a globally respected classic rallying event, enjoyed by all motorsports enthusiasts by showcasing our motherland of Africa; home to the world’s toughest rally.”

## 3. The Mission

"To become the most exciting, challenging, inclusive & sustainable classic rally in the world."

## 4. The Route

The total length of the 2023 route is approx. over 4000km, to be run over a duration of 9 days and the total competitive stages are approx. 2100 km and transport sections are approx. 1900km.

The rally will start and finish in Mombasa whilst also revisiting Tanzania after a one-year absence from the Classic route.

## 5. Eligibility

- 4-wheel drive, turbochargers and superchargers are NOT permitted.
- Where a vehicle has been manufactured after 31st December 1987 and is mechanically and bodily identical to those manufactured and consistent with an appropriate FIA homologation prior to this date, its body and the vehicle will be considered eligible to enter the event.
- Class 1 – Upto and including 1600cc
- Class 2 – Upto and including 2000cc
- Class 3 – Upto and including 3000cc
- Class 4 – Over 3000cc

## 6. Environmental Policy/ Social Responsibility

- EASCR is committed to the continual improvement of our environmental management and performance.
- We commit to reduce our impact on the environment, prevent pollution and ensure compliance with all the applicable legislations.
- Kenya and Tanzania's wildlife and national parks are one of the richest and most diverse globally. Our commitment towards safeguarding and reducing our impact on the surroundings that we operate in is a key concern.
- EASCR aims to; reduce the amount of waste produced; reduce the consumption of raw materials, water and fuels; use recyclable and renewable materials in place of virgin products where possible.
- It is the EASCR's objective to co-operate and maintain good relations with all locals and regulatory authorities. EASCR will foster environmental awareness and understanding to all officials, competitors, suppliers, spectators, subcontractors, and other key stakeholders.
- The world has reached a tipping point, recognizing the urgent threat of climate change and the potential of forest-based natural climate solutions is a great concern and due to this, we aim to kick start a classic tree planting exercise.
- EASCR looks forward to also supporting the Boda Boda association by building shelters at their road-side stops.

## 7. Contact Details

Permanent contact details:

East African Safari Rally LTD.

## 8. Rally Headquarters

The rally headquarters will be moving along the rally route and will have a physical headquarters office at every night stop.

All competitors will be kept updated by WhatsApp. Moreover, we will have an official digital notice board with relevant rally documents which will be available via the website and the Sportity app (Downloadable for iOS and Android).

- Sportity Password: **EACCLASSIC23**.

## 9. Facilities Available at End of Day Service

The following facilities will be available at the end of day service parks:

Catering, Security, Garbage, used parts and waste collection area, Toilets and Drums for used oil. The East African Safari Rally LTD is eager on protecting the environment and we urge you all to be conscious of the same. Please ensure that your service spaces within the service park and your roadside service areas are kept in a tidy, clean, and neat fashion always.

# THE WORLD'S GREATEST CLASSIC RALLY

## 12. Entry Details

### 12.1 Entry Procedure

- Those wishing to take part in the East African Safari Classic Rally 2023 must fill in the online entry form which will be published on 3<sup>rd</sup> October 2022, duly completed before the closing date for entries. The entry will only be finally accepted and complete if accompanied by the initial non-refundable deposit of \$1500. An invoice will be emailed to the competitor upon submission of the entry form.
- Entries will be capped at 60 and will be accepted on a first come, first serve basis.

### 12.2 Entry Fees

**International entry:** US\$ 35,000

- (Inclusive Sea Freight, customs clearance, storage and three twin room hotel accommodations.)

**Local entry:** US\$ 15,000

Applicable for residents of Kenya, Uganda and Tanzania inclusive of one twin hotel room for driver and co-driver only. **Moreover, this is also applicable to international drivers who source a local supplier and set up an arrive and drive package from a local supplier.** Check out our website for potential vehicles to rent.

- \* **Note:** All the above entry fees are based on estimated 2023 costs for shipping. Please be advised that due to the trend of rising prices of fuel, insurances, and varying currency values these published prices are subject to a surcharge should there be a serious fluctuation in prices or currency exchange rates.

### 12.3 Release Date of Regulations:

The Event and Technical regulations will be released on 3<sup>rd</sup> October 2022. It will be available on our mobile app, website and on our Sportity channel. For anyone interested in early registration, click link to online registration form below:

**[EASCR 2023 REGISTRATION FORM](#)**

# THE WORLD'S GREATEST CLASSIC RALLY

- The hand-held Radios which are within 4-5km do not require a permit.
- Mobile: 0703 042000, 0730 172000.
- E-mail: [info@ca.go.ke](mailto:info@ca.go.ke)
- web site: <https://ca.go.ke>
- GPS Coordinates:  
1°15'48.93"S. 36°45'30.80"E.

# THE WORLD'S GREATEST CLASSIC RALLY

## 18. Helicopters and Drones

### 18.1 Helicopters

The use of helicopters or aircraft during the rally by competitors is discouraged. The penalty for unauthorized use of any Aircraft or Helicopter is exclusion. For safety reasons the use of Aircraft of any type, at any time during the Rally and for any purpose requires the operator to request the approval of the Rally Organisers. Competitors will be required to fill a helicopter and aircraft registration form 3 months prior to the event of which the request form will be subject to approval. Restrictions will be imposed on flight paths and flight timing. The Organisers reserve the right to know if any authorised Aircraft is carrying Rally Medical staff or Rally Officials.

### 18.2 Drones

Anyone who is intending to use a Drone MUST take permission from the Kenya Civil Aviation Authority (KCAA) and local authorities. The Rally organizers will not take any responsibility for any unauthorized users. For further guidance, contact us.

## 19. Media Accreditation Procedure

Requests for Media accreditations should be sent to [info@eastafricansafairally.com](mailto:info@eastafricansafairally.com), not later than Wednesday, 20<sup>th</sup> September 2023. No accreditation will be accepted without written authority.

## 20. Media Facilities

Facilities for media will be established at the Rally HQ at every night halt.

## 21. Environmental Requirements

- The organizers will allocate an area in the service (marked on the Service Park drawings) for waste materials, used oil & parts etc.
- For environmental reasons we kindly request competitors to throw all the used parts and, garbage in the area provided. In addition to that, empty drums will be placed in the same area for disposing used oil.
- No spare parts etc. are to be left in the service park area under any circumstances. Teams must collect and dispose of litter of all kinds during the road/service section.

## 22. Ground Sheets

For environmental concerns ground sheets are compulsory at ALL service points, which is the road/service sections and at the 'end of day' services. The size of the ground sheet must at least cover the area of the rally car.

## 23. Medical and Safety Service

It is recommended that all visitors, competitors and their crews to have cover from their insurance company.

## 25. Driving Conduct

The driver, co-driver and all others in vehicles are required to use seat belts at all times.

It is illegal to use a hand-held mobile telephone whilst driving.

The police can order Breathalyser tests of drivers.

The maximum permitted level of alcohol in the bloodstream is 0.08%.

Drive on the LEFT, and overtake on the RIGHT.

Speed limits must be observed in respective locations in and around the transport sections of the rally route.

Speed limits (For Cars) in built up areas is 48kph.

These speed limits are for cars; there are other limits for vans and 'goods' vehicles.

## 26. What To Do If You Stop In A Stage

- Do not wander away from your car, stay in close proximity.
- Do not approach wild animals, even if they appear tame.
- Do not touch any thing even if it appears dead.
- If an animal is behaving aggressively, shout, rev the car, appear intimidating and slowly move towards safety (car, tree, big boulder etc) and contact rally control for further assistance.

## 27. List of Useful Facts and Services
