A VERY WARM WELCOME FROM THE ORGANISERS

Welcome to Rally Yorkshire 2022, which represents a unique opportunity for the whole rallying community to participate in a variety of events which use ALL of the CLASSIC YORKSHIRE STAGES. This year competitors in the Trackrod Rally Yorkshire will commence their competition, as is now traditional, in **Dalby Forest IN THE DARKNESS OF FRIDAY NIGHT.**

We are providing **an extended rally of approximately 57 miles, of which 45 miles is SINGLE USE FOREST ROADS**

For 2022 we are again pleased to be based in the town of Filey, thanks to the enthusiastic support of Filey Town Council, Filey Tourism & Trade Association and Scarborough Borough Council. Filey's Evron Centre will host the Rally Headquarters, with scrutineering facilities and the Service Park taking place at Filey Brigg Country Park. Friday evening sees the Ceremonial Start taking place on The Beach and the Ceremonial Finish on Saturday afternoon will also be there for all events.

Entries are via our on-line entry system as normal. However, for 2022, we are operating the following system: Regulations are available for viewing from Monday 1 August with entries opening on Friday 5 August at 19:00. At that point we only require an entry form (no payment), fully completed with all information. The entry portal will remain open until Sunday 7 August at 12:00 hrs. At that time the organisers will randomly select 150 entries (assuming we are experiencing high demand) and those entries will be emailed to acknowledge the entry and to request payment by Friday 12 August at 19:00 hrs. The organisers reserve 30 spaces to award at their discretion. Hopefully, this method will avoid "fastest fingers" or prejudicing those whose work patterns prevent them going on line when entries open OR experience delays in payments coming through. Entry fees are payable **by credit/debit card** - please see our website: www.rallyyorkshire.co.uk.

As always, WE PROMISE A FULL REFUND OF YOUR ENTRY FEE (less a £25.00 administration charge) IF YOU ARE UNABLE TO COMPETE - PROVIDING YOU TELL US BEFORE THE EVENT!

All the Rally Yorkshire team are totally committed to providing you with good, competitive motorsport. Latest news can be found on our website, or follow the event on Facebook and Twitter. Any questions or queries – please contact us and we will do our best to help!

Competitors are only permitted to use fuel that complies with the definition of 'pump fuel' as in the 2022 Motorsport UK Year Book. **There must be no occupants in the rally car at any time whilst it is being refuelled.**

Also, fuel will be available at limited commercial filling stations on or close to the road route, mainly in Pickering but also in East Ayton and Middleton. Competitors must not refuel their vehicles elsewhere.

- 12.12** All cars must carry an environmental Spill Kit. The presence of these kits will be checked at Scrutineering, and any crew not in possession of a kit will be refused a start. Failure to carry a Spill Kit during the event will be penalised by disqualification.

Article 13 Damage Declaration

- 13.1** Competitors will be required to complete and sign a damage declaration which will be included within the Competitor Record Card, declaring whether they have been involved in any incidents resulting in damage to private property and/or injury to persons or animals, or alternatively giving details of any such incident where damage or injury has occurred (R15.1.2). Any information given will not incur a penalty, but failure to submit a duly completed form online will be penalised by disqualification and may be reported to Motorsport UK for further disciplinary action. The competitor is responsible for the payment of any insurance excess up to a maximum of £425 levied upon The Organisers as a result of any claim by a third party. This signed declaration must be deposited in the box at MTC6.
- 13.2** Competitors who do not report to the finish of the event are required to forward the report to the Secretary of the Meeting at the Rally Office (Article 8.7) within 72 hours of the finish of the event (R 15.1.3).
- 13.3** If competitors have been involved in an incident they must supply full details to The Organisers on the days of the rally. Competitors who fail to comply will be penalised in accordance with R 15.1.2 and may be reported to Motorsport UK for further disciplinary action.

Article 14 Driving Standards Observers/Judges of Fact

- 14.1** Named Judges of Fact, appointed by The Organisers, will be on duty throughout the rally to observe and report upon any competitor considered to be in contravention of R 24.7, and R 25.6.
- 14.2** Scrutineers appointed for the event are Judges of Fact in respect of vehicle eligibility.
- 14.3** Start Line Officials on all Special Stages will be empowered to judge whether or not any competitor has made a false start.

- 14.4** The Organisers will appoint Driving Standards Observers in accordance with G11 and R 24.8.
- 14.5** Any notified offence, by a competitor or by their service crew, which involves speeding, reckless driving or failing to observe road signs will automatically be considered as a possible contravention of C 1.1.4. The competitor concerned is liable to be penalised in accordance with R 32.2(k), R 32.2(l) and R 38.3.1.

Article 15 Controls and Timing

- 15.1** Timing of the event will be governed by the Target Timing regulations (R 31.1- R 32.1.3), using Digital clocks operated by officials under the control of a Motorsport UK Approved Timekeeper. Road timing will be to the previous whole minute and special stages to 1/10th second.
- 15.2** Maximum permitted lateness will be 15 minutes between MTC's (R 31.2.5). This will be penalty free (R 31.2.6).
- 15.3** The event will be using " limited contact timekeeping ". Your Competitor Record Card will be for your own use. It is not to be handed to marshals. Event results will be compiled from times transmitted automatically by the clocks and from photographs of marshals' check sheets uploaded to the results services. Additionally, there will be Passage Checks where the marshal will transcribe the times from your Competitor Record Card. The Organisers may use any means at their disposal to establish a time.
- 15.4** For ALL special stages, automatic start timing will be used, in accordance with R 25.7.2. The start will be signalled by start lights which will go from RED (15 seconds to GO) through AMBER (5,4,3,2,1) finally to GREEN at the start time. In the event of equipment failure, the start procedure will revert to the manual system (R 25.7.1).
Special stage finishes will be timed to the previous 1/10th of a second (R 26.5.1) and road sections timed to the previous whole minute (R 31.1.3).
Competitors are referred to R 24.5 for details of penalties which may be awarded in the event of a special stage being stopped.
Should any special stage be cancelled during the event or removed from the results after the event, only the Stage Penalties will be deleted. Unless an Official Bulletin has been issued to the contrary, the cancelled stage must be traversed within Target Time, and will in every other respect be treated as a road section.
- 15.5 REGROUP CONTROLS**
- The Road Book will specify these controls, where competitors not disqualified by having more than the maximum permitted lateness at that control, will start the next section with zero lateness (R 31.2.10).
- 15.6 EARLY CHECK-IN AT THE END OF DAY**
- At the end of a day, competitors are allowed to check in at the final Time Control, in advance of their due time (R 30.3.3). Competitors that arrive early must have their due time recorded on the check sheet and on their Competitor Record Card; those arriving later than their due time must have their actual time of arrival recorded on the check sheet and on their Competitor Record Card.
- 15.7 MISSING A CONTROL OR STAGE & RE-STARTS**
- Any crew which has retired from Day 1 may re-start the rally from the start of Day 2. R40.1.6 and R40.1.7 apply. The only re-join point is MTC3 (Saturday Restart).
- Competitors not completing Day 1 (Friday) may restart Day 2 (Saturday). It will be assumed that competitors will re-start Day 2. If the crew does not wish to re-start, the form declaring retirement must be completed and lodged with the Secretary of the Meeting as soon as possible before Day 2.
- The retirement form/ damage declaration forms are included within the Competitor Record Card.
- In accordance with R32.2 (a) (i) a crew not completing or missing SS1 will incur a penalty of 15 minutes plus the stage maximum for the stage missed. Should retirement occur after the special stage of Day 1, the crew will nonetheless be deemed to have missed that special stage.

Competitors re-joining Day 2 **MUST** present their cars **to the scrutineer at MTC3**, on **Saturday between 07.45 hrs and 08.30 hrs**. The car must retain its original shell and engine block as marked at pre-event scrutineering or recorded on the record card and retain the same crew.

Any crew which has retired from the final day will not be classed as a finisher.

Article 16 Reconnaissance and Subjective Route Notes

16.1 Reconnaissance for Trackrod Rally Yorkshire

16.1.1 Procedures for Registration

Competitors must record in the appropriate place on the entry form that it is their intention to take part in the reconnaissance. Administrative checks for competitors taking part in the Reconnaissance will take place at the start of reconnaissance,

16.1.2 Reconnaissance will provisionally start on Friday 23 September 2022 at TBC at Adderstone and will run as a convoy. Competitors should sign on by TBC and receive hard copies of road books at the start of Reconnaissance at Adderstone (These arrangements will be confirmed in Bulletin1/Final Instructions). The first fifteen cars will run in seeded order with the remainder running in order of arrival. On arrival at the first stage competitors should park in such a way as to allow cars seeded in the top fifteen past if necessary. There will be official cars displaying orange flashing lights spaced roughly every ten cars; these will all be in radio contact and must not be overtaken unless competitors are instructed to do so. There will be a recovery vehicle at the tail of the convoy.

16.1.3 A Road Book covering the reconnaissance road sections will be issued with the Road Book. The Organisers strongly advise competitors to check with their Insurers that they have valid insurance cover to take part in the Reconnaissance. The Organisers will also take details of the reconnaissance vehicle. The Organisers may at the discretion and with the agreement of the Stewards of the Meeting refuse a start to any competitor who is found to have carried out unauthorised practice or reconnaissance over the route of any Special Stage. Those living on a Special Stage, or who may have cause to drive along a Special Stage for whatever reason, should inform The Organisers in advance.

16.1.4 Reconnaissance Cars

Common requirements:

- The car must be painted in a single colour, with no advertising, stickers, etc.
- Underbody protection is authorised (complying with the Group N regulations).
- Two additional road-homologated headlamps are authorised.
- The crew may use a "light" intercommunication system (without helmets).
- On board navigation equipment may be fitted.

Any competitors using a vehicle not complying with the regulations may be fined £500 as infringement of Article 16.1.4 or be excluded from completing the reconnaissance.

16.1.5 Tyres for Reconnaissance Cars

Tyres used for reconnaissance shall be:

- Road-homologated series production tyres for asphalt.
- Tyres for gravel must comply with Motorsport UK List 6 or be road tyres.

It is strongly recommended to carry at least two spare wheels and tyres. Space savers are not recommended.

16.1.6 Reconnaissance identification plates as supplied by The Organisers must be affixed to both rear side windows on the registered vehicle prior to starting the reconnaissance. Failure to do so will be deemed to be a breach of the reconnaissance regulations.

There will be a speed limit of 30 mph (48 km/h) on Special Stages during reconnaissance. Judges of fact will be appointed to check speeds at random locations and supervision vehicles will be patrolling in stage. Competitors found to be speeding while travelling through the stage will be deemed to have committed a second infringement.

Vehicles will be allowed to traverse the stage in start order but there will be a minimum of 20 second intervals applied to vehicles entering stage. Competitors who stop or impede other competitors, in the opinion of The Organisers, during the reconnaissance will be deemed to be in breach of the reconnaissance regulations. Each vehicle and competitors will only be allowed to traverse any stage twice.

Competitors are reminded that during the reconnaissance period the road used for special stages will be open to other traffic or pedestrians and that forestry operations may be in progress in certain areas.

The carrying of radar detection equipment in the reconnaissance vehicle is forbidden during the entire duration of the reconnaissance.

16.1.7 The penalties for contravention of the supplementary regulations regarding reconnaissance are as follows:

Only the registered members of the crew may be in the reconnaissance vehicle when traversing the stage.

16.2 The possession of pace notes, as defined in R 25.9, by a competitor during the course of the rally, whether or not they relate to the stages being used on the rally, is permitted, including the use of Ordnance Survey Maps specified in the regulations as being necessary to complete the route.

Article 17 Servicing

17.1 There will be one service area at Filey Brigg Country Park and this is the only service area during the event. Details of the location will be published in the Final Instructions and the Road Book. No other areas may be used for service and will therefore be "out of bounds" to service personnel and vehicles.

Servicing is defined as work being carried out on the car by any person other than the competing crew, or the use of any part or tool not carried in the competing car (R 38.1). Servicing will only be permitted by an official service vehicle, identified by an official plate, in the Service Area, which is visited between SS4 & SS5. The entry fee includes a standard service plate corresponding with a standard service bay of 6m x 6m, adequate for a service vehicle up to **3.5tonne GVW**. As space within the Service Area is at a premium, **if a larger vehicle, i.e. over 3.5tonne GVW, or a motorhome is to be used for servicing, then a larger service bay of 10m x 6m must be ordered for an additional charge of £50.00. For those requiring a larger space than the 10m x 6m, a Custom Bay is available for a charge of £250.00. Requests for a Custom Bay service plate must be directed to the Entries Secretary.**

Although there is only one central Service Area at Filey Brigg Country Park, competitors and their service crews will additionally be permitted to service their vehicles there any time before MTC1 and **IF THEY CHOOSE TO RETURN TO FILEY ON FRIDAY EVENING** after MTC2 and before MTC3. It should be noted that there will be NO toilets and lighting overnight. **It should also be noted that there is no camping permitted on Friday night in the Service Area under instruction from Scarborough Borough Council.**

Competitors are reminded that the Service Area is a NON SMOKING area and additionally, consideration must be shown to local residents and therefore engines MUST NOT be run between Friday 23 September 2022, 23:00 hrs to Saturday 24 September 2022, 07:00 hrs.

Filey Brigg County Park Service Area Opening times:

Friday **11:00 hrs - 22:00 hrs**
Saturday **07:30 hrs - 18:00 hrs**

17.2 Crews may work unassisted on their own cars, using equipment carried in their car, in 'No Service' Areas, except:

- within 100 metres of any Control.
- between a Special Stage Arrival Control and a Special Stage Start Control.
- in any Parc Fermé.

The only work permitted in these areas is the following unassisted:

- cleaning lamp glasses, windscreens, windows, identification markings and vehicle registration numbers.

When servicing is prohibited:

The use or receipt by the competing crew of any manufactured materials (solid or liquid), spare parts, tools or equipment other than those carried in the competing car, is forbidden.

17.3 Service crews will be subject to the same regulations as competitors regarding noise and driving manners and Judges of Fact/Driving Standards Observers will be instructed to note any infringements. Competitors are responsible for ensuring that their service crews understand and comply with this Regulation. **Any verbal or physical abuse towards any Rally Officials by service crews may result in the disqualification of the competing crew.**

17.4 Service vehicles must park as directed by marshals at the Service Area. Failure to comply will result in penalties which may go as far as disqualification.

17.5 Each service vehicle must be registered with The Organisers by its vehicle registration number, which must be submitted on the appropriate form by Tuesday 20 September 2022, 10:00 hrs.

An official plate will be issued for each vehicle. **This plate must be affixed to the bonnet or exterior surface of the windscreen of the vehicle in clear view prior to entering the Service Area.** It is not sufficient to leave the service plate lying on the dashboard. Access to the service area will only be for competitors and their service vehicle bearing an official plate.

The use of a Service Plate on a vehicle not previously registered with The Organisers is an offence for which a penalty will be applied. N.B. The **ONLY** vehicles allowed in the Service Area will be competing car and **ONE** service vehicle. Security personnel will be on duty to assist and will enforce this regulation. **N.B. no additional service vehicles will be permitted** into the Service Area.

Additional vehicles can be parked in the adjoining Northern Council Car Park adjacent to the Service Area. Two car park passes will be issued to each competing crew to enable them to park there free of charge for the duration of the event. 1 additional car park pass will be given to each crew at the start of Reconnaissance. Any additional vehicles will be subject to Scarborough Council's normal charges and terms and conditions. See [Country Park car park | SCARBOROUGH.GOV.UK](https://www.scarborough.gov.uk/country-park-car-park) for details of charges and terms and conditions that will apply.

Traffic Enforcement Officers will be in attendance throughout the event and vehicles not displaying a Pass or not paying the appropriate fee for parking will be fined in accordance with the local By-Laws.

Please note that CCTV will be in operation throughout the event in the Service Area to ensure that only vehicles displaying a Service Pass or Competing Cars have access to the Service Area, and to ensure the safety of the marshals.

17.6 All competitors must use a tarpaulin sheet under the car they are servicing or working on. Failure to comply will be penalised by a time penalty of 10 minutes for the first offence, a time penalty of 20 minutes for the second offence and disqualification for a third offence. Servicing of vehicles will be on a mix of grass and loose hard standing surface.

- 17.7** The use of helicopters or light aircraft by any competitor or persons associated with any competitor over the route or stages used during the duration of this event is prohibited. Breach of this regulation will be penalised by disqualification and offending competitors will be reported to Motorsport UK in accordance with R 39.3.
- 17.8** **The area to park trailers is away from Filey Brigg Country Park, where Service Plates will be available for collection – see Article 5 for details. The Organisers are not responsible for loss of, or damage to, any trailer left in the trailer park.** When approaching from the west along the B1261 continue past the entrance to the Trailer Park (on your right) to the roundabout and then double back turning LEFT into the Park. This will avoid vehicles turning right into the Trailer Park and hopefully reduce any traffic congestion on this busy road.
- Trailers MUST NOT be taken to Filey Brigg Country Park.**
- All Service Vehicles with the exception of **Custom Service Vehicles** must pass through the Trailer Park to have their Service Plate attached to their vehicle. Access to the Service Area will be denied if there is no visible Service Plate attached to the vehicle. Entrants/Competitors who have purchased a **Custom Service Vehicle Plate** MUST contact the Entries Secretary prior to 20 September and make arrangements for the issue of their Service Plate.
- Service vehicles must park as directed on entering the Filey Brigg Country Park, which will be indicated in the Final Instructions and the Road Book, on Friday 23 September 2022 between **11:00 hrs- 22:00 hrs** and on Saturday 24 September 2022 between **07:30 hrs – 18.00 hrs**. Failure to comply will result in penalties which may go as far as disqualification.
- 17.9** Cars must be fitted with towing eyes at front and rear (R 48.1.13) to allow recovery by official licensed vehicles. Recovery vehicles will only tow competition cars as far as the forest exit, as the terms of their insurance do not permit towing on the public highway. From this point onwards, recovery is the responsibility of competitors and their service crews.
- 17.10** Emergency servicing will not be permitted. **THAT MEANS NO CHASE, MANAGEMENT OR AUXILIARY VEHICLES WILL BE ALLOWED – SERVICE OBSERVERS WILL BE PATROLLING THE ROUTE TO ENSURE THIS IS ADHERED TO. PENALTY FOR CONTRAVENING THIS ARTICLE IS DISQUALIFICATION.**

Article 18 Penalties

- 18.1** Competitors will start with zero time penalties. The results will be established by adding together the times taken during the special stages and the time penalties incurred on the road sections together with all other penalties expressed in time. The competitor with the lowest total will be the winner and so on (R 40.1.1).
- 18.2** If there is a tie, the competitor who accomplished the best time for the first special stage will be proclaimed the winner. If this is not sufficient to be able to decide between the tied competitors, the times of the second, third, fourth, etc., Special Stages will be taken into consideration (R 40.1.2).
- 18.3** The penalties in R 32.2 Chart 32.2 Penalties will apply unless specifically modified in these SRs.
- 18.4** It is at the discretion of an Environmental Scrutineer, a Judge of Fact or The Organisers whether a car which causes excessive sound is REFUSED A START/REFUSED PERMISSION TO PROCEED/or DISQUALIFIED at any time (R 4.1).

- 18.6** Lateness in excess of Target Time on road sections and Stage Maximum Time on special stages is cumulative. The maximum penalty free lateness will be 15 minutes (R 31.2.5 & R 31.2.6). Once a competitor's cumulative lateness calculated from the previous Main Control exceeds the maximum penalty-free lateness, the competitor will be deemed to have RETIRED.
