## *A VERY WARM WELCOME FROM THE ORGANISERS*

The Trackrod Forest Stages (part of the Rally Yorkshire weekend) offers a unique opportunity for the rallying community from the Clubman upwards, to participate in an event which uses ALL of the CLASSIC YORKSHIRE STAGES.

The Trackrod Forest Stages welcomes participants in the MRF Tyres BTRDA Rally Series, of which it is round seven, The 2022 Motorsport UK English Championship in association with Seacon, the S G Petch ANECCC and The ANWWC Forest Rally Championship 2022.

We are also pleased to announce that we will be running ALL the 2WD drive competitors together with any Historic 4WD cars first on the road (together with competitors from the Trackrod Historic Cup). These competitors will run in reverse order of anticipated performance. All 4WD competitors (together with all Trackrod Rally Yorkshire [BRC] competitors) will then follow on, in order of anticipated performance. We will also try to run classes together, where reasonable to do so, as we do understand the “camaraderie” which is essential to our sport.

For 2022 we are pleased to be continuing our association with the town of Filey, thanks to the enthusiastic support of Filey Town Council, Filey Tourism & Trade Association and Scarborough Borough Council once again. Filey's Evron Centre will host the Rally Headquarters, with scrutineering facilities and the Service Park taking place at Filey Brigg Country Park. The event will start within Dalby Forest and the Ceremonial Finish on Saturday afternoon will be on The Beach, Filey.

Entries are via our on-line entry system as normal and we are adopting the following system: Regulations are available for viewing from Monday 1 August with entries opening on Friday 5 August at 19:00 hrs. At that point we only require an entry form (no payment), completed with all information. The entry portal will remain open until Sunday 7 August at 12:00 hrs. At that time the organisers will randomly select 150 entries for the combined events (assuming we are experiencing high demand) and those entries will be emailed to acknowledge the entry and to request payment by Friday 12 August at 19:00 hrs. The organisers reserve 30 spaces to award at their discretion. Hopefully, this method will avoid “fastest fingers” or prejudicing those whose work patterns prevent them going on line when entries open OR experience delays in payments coming through. Entry fees are payable **by credit/debit card** - please see our website: [www.rallyyorkshire.co.uk](http://www.rallyyorkshire.co.uk).

**As always, WE PROMISE A FULL REFUND OF YOUR ENTRY FEE (less £25.00 admin charge) IF YOU ARE UNABLE TO COMPETE - PROVIDING YOU TELL US BEFORE THE EVENT!**

All the Rally Yorkshire team are totally committed to providing you with good, competitive motorsport. Latest news can be found on our website, or follow the event on Facebook and Twitter. Any questions or queries – please contact us and we will do our best to help!

Competing cars may be held at the Noise Test Control to avoid congestion at scrutineering.

- 12.3** A Competition Car Log Book or Vehicle Passport validated for special stage rallying must be made available for each car at Scrutineering and on demand throughout the event. All Historic vehicles must have a Historic Rally Vehicle Identity Form (HRVIF) available for inspection. Failure to produce this document will lead to a refused start or disqualification (R 46.1.3).

#### **12.11 Fuel**

Vital Equipment will be in attendance in the Refuelling Area at Filey Brigg Country Park to supply Super Unleaded and race fuel on Friday 23 September 2022 and in the Refuelling Area at Adderstone on Saturday 24 September 2022 during the event. Fuel must be pre-ordered by contacting Vital Equipment on 01981 241169 or by e-mail [info@vitalequipment.co.uk](mailto:info@vitalequipment.co.uk)

**Competitors are strongly requested to take advantage of this professional refuelling service and avoid the risk associated with service crews carrying large quantities of fuel to the event.**

Fuel should be pre-ordered. The onus is on the competitor to order their fuel from the suppliers. The Event Organisers will not be involved in this process in any way.

**Competitors not utilizing the recommended fuel supplier** may refuel in the normal way in the Service Area. Competitors are only permitted to use fuel that complies with the definition of 'pump fuel' as in the 2022 Motorsport UK Year Book. **There must be no occupants in the rally car at any time whilst it is being refuelled.**

Also, fuel will be available at limited commercial filling stations, mainly in Pickering but also in East Ayton and Middleton. Competitors must not refuel their vehicles elsewhere.

- 12.12** All cars must carry an environmental Spill Kit. The presence of these kits will be checked at Scrutineering, and any crew not in possession of a kit will be refused a start. Failure to carry a Spill Kit during the event will be penalised by disqualification.

- 13.1** Competitors will be required to complete and sign a damage declaration, which will be included within the Competitor Record Card, declaring whether they have been involved in any incidents resulting in damage to private property and/or injury to persons or animals, or alternatively giving details of any such incident

where damage or injury has occurred (R15.1.2). Any information given will not incur a penalty, but failure to submit a duly completed form online will be penalised by disqualification and may be reported to Motorsport UK for further disciplinary action. The competitor is responsible for the payment of any insurance excess up to a maximum of £425 levied upon the Organisers as a result of any claim by a third party. This signed declaration must be deposited in the box at MTC6.

## Article 15 Controls and Timing

- 15.1** Timing of the event will be governed by the Target Timing regulations (R 31.1- R 32.1.3), using Digital clocks operated by officials under the control of a Motorsport UK Approved Timekeeper. Road timing will be to the previous whole minute and special stages to 1/10<sup>th</sup> second. (R26.5.1)
- 15.2** Maximum permitted lateness will be 15 minutes between MTC's. This will be penalty free (R 31.2.5).
- 15.3** The event will be using " limited contact timekeeping ". Your Competitor Record Card will be for your own use. It is not to be handed to marshals. Event results will be compiled from times transmitted automatically by the clocks and from photographs of marshals' check sheets uploaded to the results

services. Additionally, there will be passage checks where the marshal will transcribe the times from your Competitor Record Card. The Organisers may use any means at their disposal to establish a time.

- 15.4** For ALL special stages, automatic start timing will be used, in accordance with R 25.7.2. The start will be signalled by start lights which will go from RED (15 seconds to GO) through AMBER (5,4,3,2,1) finally to GREEN at the start time. In the event of equipment failure, the start procedure will revert to the manual system (R 25.7.1).

Special stage finishes will be timed to the previous 1/10th of a second (R 26.5.1) and road sections timed to the previous whole minute (R 31.1.3).

Competitors are referred to R 24.5 for details of penalties which may be awarded in the event of a special stage being stopped.

Should any special stage be cancelled during the event or removed from the results after the event, only the Stage Penalties will be deleted. Unless an Official Bulletin has been issued to the contrary, the cancelled stage must be traversed within Target Time, and will in every other respect be treated as a road section.

**15.5 REGROUP CONTROLS.**

The Road Book will specify these controls, where competitors not disqualified by having more than the maximum permitted lateness at that control, will start the next section with zero lateness (R 31.2.10).

**15.6 EARLY CHECK-IN.**

At the end of the day, competitors are allowed to check in at the final Time Control, in advance of their due time (R 30.3.3). Competitors that arrive early must have their due time recorded on the check sheet and on their Competitor Record Card; those arriving later than their due time must have their actual time of arrival recorded on the check sheet and on their Competitor Record Card.

## **Article 16 Reconnaissance and Subjective Route Notes**

- 16.1.** Unauthorised pre-event reconnaissance, practising or testing over the special stages on this event is forbidden (R 5.1.4 and R 26.7).

From the date of publication of these regulations, any competitor or their agent observed on private land without the relevant permission within the area covered by the maps specified in these supplementary regulations after their publication will be REFUSED A START or DISQUALIFIED as appropriate. The only exception to this regulation will be for persons who live on or whose employment causes them to travel along part of the route used on the event.

- 16.2** The possession of pace notes, as defined in R 25.9, by a competitor during the course of the rally, whether or not they relate to the stages being used on the rally, is forbidden. This does not preclude the use of Ordnance Survey Maps specified in the regulations as being necessary to complete the route.

- 16.3** Practice, reconnaissance or the use of pace notes is not permitted, but subjective route notes purchased from the approved suppliers may be used. These instructions will not be defined as Pace Notes. Contact:

The Organisers request the co-operation of all competitors in order to reduce any delay.

## Article 17 Servicing

- 17.1** There will be one service area at Filey Brigg Country Park and this is the only service area during the event. Details of the location will be published in the Final Instructions and the Road Book. No other areas may be used for service and will therefore be "out of bounds" to service personnel and vehicles.

Servicing is defined as work being carried out on the car by any person other than the competing crew, or the use of any part or tool not carried in the competing car (R 38.1). Servicing will only be permitted by an official service vehicle, identified by an official plate, in the Service Area, which is visited between SS4 & SS5. The entry fee includes a standard service plate corresponding with a standard service bay of 6m x 6m, adequate for a service vehicle up to **3.5tonne GVW**. As space within the Service Area is at a premium, **if a larger vehicle, i.e. over 3.5tonne GVW, or a motorhome is to be used for servicing, then a larger service bay of 10m x 6m must be ordered for an additional charge of £50.00. For those requiring a larger space other than the 10m x 6m, a custom bay is available for a charge of £250.00. Requests for a Custom Bay service plate must be directed to the Entries Secretary.**

Although there is only one central Service Area at Filey Brigg Country Park, competitors and their service crews will additionally be permitted to service their vehicles there any time before MTC3. It should be noted that there will be NO toilets and lighting overnight.

It should also be noted that there is no camping permitted on Friday night in the Service Area under instructions from Scarborough Borough Council.

Competitors are reminded that the Service Area is a **NON SMOKING** area.

Additionally, consideration must be shown to local residents and therefore engines **MUST NOT** be run between Friday 23 September 2022 23:00 hrs to Saturday 24 September 2022. 07:00 hrs

**Filey Brigg County Park Service Area Opening times:**

**Friday 11:00 hrs - 22:00 hrs**

**Saturday 07:30 hrs - 18:00 hrs**

**17.2** Crews may work unassisted on their own cars, using equipment carried in their car, in 'no service' areas, except:

- within 100 metres of any Control.
  - between a Special Stage Arrival Control and a Special Stage Start Control.
  - in any Parc Fermé.
- The only work permitted in these areas is the following unassisted:
- cleaning lamp glasses, windscreens, windows, identification markings and vehicle registration numbers.

When servicing is prohibited:

The use or receipt by the competing crew of any manufactured materials (solid or liquid), spare parts, tools or equipment other than those carried in the competing car is forbidden.

**17.3** Service crews will be subject to the same regulations as competitors regarding noise and driving manners and Judges of Fact/Driving Standards Observers will be instructed to note any infringements. Competitors are responsible for ensuring that their service crews understand and comply with this Regulation. **Any verbal or physical abuse towards any Rally Officials by service crews may result in the disqualification of the competing crew.**

**17.4** Service vehicles must park as directed by marshals at the Service Area. Failure to comply will result in penalties which may go as far as disqualification.

**17.5** Each Service vehicle must be registered with The Organisers by its vehicle registration number, which must be submitted on the appropriate form by Tuesday 20 September 2022 10:00 hrs.

An official plate will be issued for each vehicle. This plate must be affixed to the bonnet or exterior surface of the windscreen of the vehicle in clear view prior to entering the Service Area. It is not sufficient to leave the official plates lying on the dashboard. Access to the Service Area will only be for competitors and their service vehicle bearing an official plate.

**The use of a Service Plate on a vehicle not previously registered with The Organisers is an offence for which a penalty will be applied.** N.B. The **ONLY** vehicles allowed in the Service Area will be competing car and **ONE** service vehicle. Security personnel will be on duty to assist and will enforce this regulation. N.B. **no additional service vehicles will be permitted** into the Service Area. Additional vehicles can be parked in the adjoining Northern Council Car Park adjacent to the Service Area. Two car park passes will be issued to each competing crew to enable them to park there free of charge for the duration of the event. Any additional vehicles will be subject to Scarborough Council's normal charges and terms and conditions. See [Country Park car park | SCARBOROUGH.GOV.UK](https://www.scarborough.gov.uk/country-park-car-park) for details of charges and terms and conditions that will apply.

**Traffic Enforcement Officers will be in attendance throughout the event and vehicles not displaying a Pass or not paying the appropriate fee for parking will be fined in accordance with the local By-Laws.**

Please note that CCTV will be in operation throughout the event in the Service Area to ensure that only vehicles displaying a Service Pass or Competing Cars have access to the Service Area, and to ensure the safety of the marshals.

- 17.6** All competitors must use a tarpaulin sheet under the car they are servicing or working on. Failure to comply will be penalised by a time penalty of 10 minutes for the first offence, a time penalty of 20 minutes for the second offence and disqualification for a third offence. Servicing of vehicles will be on a mix of grass and loose hard standing surface.
- 17.7** The use of helicopters or light aircraft by any competitor or persons associated with any competitor over the route or stages used during the duration of this event is prohibited. Breach of this regulation will be penalised by disqualification and offending competitors will be reported to Motorsport UK in accordance with R 39.3.
- 17.8** **The area to park trailers is away from Filey Brigg Country Park, where Service Plates will be available for collection – see Article 5 for details. The Organisers are not responsible for loss of, or damage to, any trailer left in the trailer park.** When approaching from the west along the B1261 continue past the entrance to the Trailer Park (on your right) to the roundabout and then double back turning LEFT into the Park. This will avoid vehicles turning right into the Trailer Park and hopefully reduce any traffic congestion on this busy road.

**Trailers MUST NOT be taken to Filey Brigg Country Park.**

All Service Vehicles with the exception of **Custom Service Vehicles** must pass through the Trailer Park to have their Service Plate attached to their vehicle. Access to the Service Area will be denied if there is no visible Service Plate attached to the vehicle. Entrants/Competitors who have purchased a **Custom Service Vehicle Plate** MUST contact the Entries Secretary prior to 20 September and make arrangements for the issue of their Service Plate.

Service vehicles must park as directed on entering the Filey Brigg Country Park, which will be indicated in the Final Instructions and the Road Book, on Friday 23 September 2022 between **11:00 hrs- 22:00 hrs** and on Saturday 24 September 2022 between **07:30 hrs – 18.00 hrs**. Failure to comply will result in penalties which may go as far as disqualification.

- 17.9** Cars must be fitted with towing eyes at front and rear (R 48.1.13) to allow recovery by official licensed vehicles. Recovery vehicles will only tow competition cars as far as the forest exit, as the terms of their insurance do not permit towing on the public highway. From this point onwards, recovery is the responsibility of competitors and their service crews.
- 17.10** Emergency servicing will not be permitted. **THAT MEANS NO CHASE, MANAGEMENT OR AUXILIARY VEHICLES WILL BE ALLOWED – SERVICE OBSERVERS WILL BE PATROLLING THE ROUTE TO ENSURE THIS IS ADHERED TO. PENALTY FOR CONTRAVENING THIS ARTICLE IS DISQUALIFICATION.**

## **Article 18 Penalties**

- 18.1** Competitors will start with zero time penalties. The results will be established by adding together the times taken during the special stages and the time penalties incurred on the road sections together with all other penalties expressed in time. The competitor with the lowest total will be the winner and so on (R 40.1.1).
- 18.2** If there is a tie, the competitor who accomplished the best time for the first special stage will be proclaimed the winner. If this is not sufficient to be able to decide between the tied competitors, the times of the second, third, fourth, etc, Special Stages will be taken into consideration. (R 40.1.2)
- 18.3** The penalties in R 32.2 Chart 32.2 apply unless specifically modified in these SRs.
- 18.4** It is at the discretion of an Environmental Scrutineer, a Judge of Fact or the Organisers whether a car which causes excessive sound is **REFUSED A START/REFUSED PERMISSION TO PROCEED/or DISQUALIFIED** at any time (R4.1).
- 18.5** A Driving Standards Observer's report which results in the imposition of a penalty for excess speed or bringing the sport into disrepute will also be reported to the Stewards of the Meeting ( R 32.2 Chart 32.2 Penalties (I)).

- 18.6** Lateness in excess of Target Time on road sections and Stage Maximum Time on special stages is cumulative. The maximum penalty free lateness will be 15 minutes (R 31.2.5 & R 31.2.6). Once a competitor's cumulative lateness calculated from the previous Main Control exceeds the maximum penalty-free lateness, the competitor will be deemed to have RETIRED.

## Article 25 General Communication during the event

During the event, individual and general communication between all rally officials and the competitors/crew members will primarily and as far as possible be conducted electronically (mobile phone, Sportity, WhatsApp).

The Official Notice Board will be the Virtual Notice Board (VNB), published on [www.rallyyorkshire.co.uk](http://www.rallyyorkshire.co.uk). There will be no physical official notice board. All competitors will be informed via the Sportity app about the publication of any documents on the digital notice board.

The Sportity app will be the primary route for the issue/notification of rally documents (e.g. start and restart lists, bulletins and on-event information). As a result, it is important that the crew have access to the app and that support members of the team are also encouraged to arrange access.

The app can be downloaded for iOS devices on App Store and for Android devices on Google Play.

## Article 26      We are here to help!

Despite lengthy regulations which are necessary, we really want you to enjoy being part of Trackrod Rally Yorkshire. If you are not clear about any of the regulations, timing, or any aspect of the event, please contact the appropriate official who will be pleased to assist.

Naturally if you leave an important question until 2 minutes before your start time, or wait until the official is very busy, we may not be able to give you the answer you want!

Competitor Relations Officers will be at all strategic locations during the event and have been chosen for their knowledge and experience – please use them.
