Having received the NAV-GPS team report and the data on the overtaking on SS-4, I have established the following. The No300 competitor caught the No400 competitor at about total 135 km. Competitor No300 indicated 3 times his intention to overtake Competitor No400. On the third occasion, the No400 gave the opportunity to overtake after 1 minute 29 seconds. This is a violation of CCR SR Art 48.3.4, with a penalty of 3 minutes (first offence).
